

REGULATION
on the Cookie Policy
of SLS Prime Technology CJSC

1. “Cookies” means text files saved in the browser of the computer (mobile device) of the user of SLS Prime Technology CJSC official website (hereinafter referred to as the website) when visiting it to reflect the actions taken. These files allow you to avoid re-entering or selecting the same parameters when visiting the website again, for example, choosing a language version.

The purpose of cookie processing is to ensure the convenience of website users and improve the quality of the website’s functioning.

SLS Prime Technology CJSC does not use cookies to identify user’s personal data.

SLS Prime Technology CJSC does not transfer cookies to third parties.

2. Our website processes the following types of cookies:

Essential cookies are essential for the website to function, without them the website will not work as intended;

Analytics cookies are used to understand how visitors interact with the website. These cookies provide information on metrics such as number of visitors, bounce rate, traffic source, etc.

Performance cookies are used to understand and analyze the key performance indicators of the website, which helps you improve the user experience.

Targeting cookies are used to provide relevant advertising based on the pages you visit and to analyze the effectiveness of the advertising campaign.

Unclassified cookies do not belong to any other category or are in the process of categorization.

3. The list of cookies used by SLS Prime Technology CJSC with a description of their functional purpose and storage periods is provided in the Appendix, which is an integral part of this Policy.

4. Users can accept or reject all cookies processed on the website, except for the essential ones.

5. At the end of the cookie storage period, the website of SLS Prime Technology CJSC will ask for your consent again.

6. In addition to cookie settings on the website, personal data subjects can accept or reject all or some cookies in their browser settings.

At the same time, some browsers allow you to visit Internet websites in "incognito" mode to limit the amount of information stored on your computer and automatically delete session cookies. In addition, a personal data subject can delete previously saved cookies by selecting the appropriate option in the browser history.

For more information about cookie management options please search for "manage cookies" in the browser you prefer.
